Winberg leaves Robertsdale en route to the scene. Paramedics were rendering aid when he arrived, and Winberg observed what appeared to be an intracranial GSW to Donnie's right temporal lobe. He notes Donnie was breathing, but it was labored and shallow. A BOLO had been entered prior to Donnie being located, but the time of that BOLO is unknown.</p>	BCSO Record Eric Winberg Supplemental Narrative

Wendy said, "She -- actually, she was on her phone. I grabbed my phone out the vehicle that he was in. I called 911, and then when I called 911, after I got off the phone with them, I'm the one that called Eric Winberg." If Wendy had just found Donnie, why was her phone in the Suburban?	https://www.youtube.com/watch?v=-1mj-BWwgk&t=2s
